

Introduction

Preservation Today

Addressing mass digitization and protection
of originals alike

Karten

Openness

- opening our reading rooms to the world
- important role of human- as well as machine-readable content for national commemorative activities
- accessibility and limitations

source: Wikimedia Commons

Digital opportunities – game changer for preservation

- reaching out to the public
- improving accessibility
- preserving the physical objects by protecting them from wear & tear
- safeguarding the information for cases of emergency

source: business2community.com

Balancing

source: Wikimedia

- document integrity vs. restoration
- ambiguous partnership between conservation and digitization
- standardization via guidelines vs. handling each collection differently
- DoD and systematic digitization

Processes

source: Freepic

- centralise
- make or buy
- prioritize
- evaluate

Sustainability

source: Wikimedia

- preservation and sustainability
- saving the heritage: Conservation and digitization in times of war
